RESPONSE AND RECOVERY	
<p>Notification of relevant authorities</p> <p>Call 000 immediately If the incident presents a threat to human health or property.</p>	<p>Notifications of relevant authorities will be undertaken in accordance with EMS0008 Environmental incident response and management. The notifications are not to be made by the driver – expect for calls to 000 in the case of an emergency. Notifications will be made by Environmental Services Manager or a nominated delegate.</p> <p>These agencies need to be contacted during any pollution incident that will cause material harm to the environment:</p> <ol style="list-style-type: none"> 1. Fire & Rescue NSW – 000 (first notification) 2. Environment Protection Authority – 131 555 3. Health NSW – Local Health District - Refer to list in Attachment A 4. SafeWork NSW – 131 050 5. Local authority (usually the local council) – Refer to list in Attachment A <p>Refer to '<i>PIRMP – Incident Notification Record</i>' form.</p>
<p>Local community notification and communication</p>	<p>In the event of a pollution incident that has the potential to affect surrounding neighbours, the Endeavour Energy Corporate Communications branch should be consulted for advice on community communication.</p> <p>The form, method and content of communications to the community will depend on the nature and severity of the incident. All communications will be undertaken in general accordance with Endeavour Energy company procedure 'GMM 0010 Community and Stakeholder Engagement for Capital Projects', the 'Incident Management Plan' and the Community Engagement Toolkit.</p> <p>If Emergency Services attend the incident, it is important that any community notification undertaken by the waste transporter company complement actions initiated by the incident controller.</p>
